WETASKIWIN.

Several real estate deals have taken place in the city during the past week among the number being the sale of lots three and four, block 11, to Chas. McPherson, for the sum of \$500. Two lots were sold in the Weber addition for \$210 to an outside party. Both these deals were put through by the General Agencies, Ltd.

Wolfin & Slaghter disposed of a quarter section near Pigeon Lake, formerly owned by J. Waer, to M. Benoit, at a good price. They also disposed of a quarter near Spradford, on the Blundell, to an outside party. They also negotiated the sale of a house and lot on Lane down street to Donald Cummings at a very reasonable price.

Smith & Co. have leased the old Dreamland Theatre building and the name is being remodelled to the new assembly hall and for other amusements. Moving pictures will be added to the attractions, and the management aim to produce latest and best available in this line. It will hereafter be known as the Empire Theatre and will be on the same circuit as the other Empire Theatres throughout the country. The work of remodeling will soon be completed and the opening night will soon be announced.

The Officers of Crescent Hebrew Lodge were installed for the ensuing term a few evenings ago by Sister Foreman, D.D.G.M., as follows:

Dr. W. A. Mosier, of Tekoa, Wash., was in the city last week visiting his sister in law, Mrs. P. A. Simpson and other friends. The doctor was here about eight years ago, and was greatly surprised at the growth this city has made since his departure.

A deal of public interest in the farmers was manifested a few days ago, when the Edmonton city Dairy Company, Limited, purchased the creamery business of the Wetaskiwin Creamery Company. The company has already taken possession and representatives are going through the different districts arranging for the hauling of the cream, and endeavoring to get the best prices possible to patronize the institution this season. This one of the best dairy districts in the province, and as the government creamery will not be in operation this year, we must look to the new company, a very successful year at this point.

Mrs. Hagar and Miss Hagar, who have been spending the winter with friends a relatives in Toronto, and other points in Ontario, returned to the city on Monday last.

H. B. Ross came to the Wetaskiwin on Monday with five car loads of stock. As this was an exceptionally large load of stock, it was expected to hear that Mr. McCallum had a most successful and profitable trip.

Mayor Knox and N. B. Craig, president of the board of trade are organizing a banquet of justice and are held at the Grand Hotel on the evening of Friday last. The primary object is to bring the citizens together to talk over local conditions, and if possible to devise some means of systematically locating the city.

The regular monthly meeting of the public school board was held on Tuesday evening with a full attendance of the members. After considerable discussion it was decided to admit pupils to the "Kidd" school at the beginning of the term and at the latter school only. Several students have been suspended recently, and the principal was requested to adopt some other means of punishment if at all possible. A request was made from the Department of Education to permit three quarter sections to be taken up from the Wetaskiwin district to be included in a new district to be organized just north of the city.

Henry D. Miles, J. P., had several cases arranged before him during the past week.

Fred. Booth was fined \$5 including costs on one month on a charge of being drunk and incapable.

On Tuesday, Patrick J. Hicks of Edmonton, Alta. charged with trespassing

on a Fox car, the property of the C. P. R., and was fined \$5 and costs for the month.

On the same day, Wm. Belliveau, a stranger, was relieved of \$2 and costs and month for being drunk and disorderly.

A young man of this city was assessed \$1 and costs for riding his bicycle on the sidewalk on Lorne and Evera streets in violation of the city by-law.

Chief of Police James has rounded up several head of horses and cattle, which have been roaming the city, violating the herd by-law, and had them impounded this week.

The work in the new post office building, which is now ready, and the walls of the first story will soon be erected. The building is of wood with pressed brick and stone trimmings.

Another enterprise, which the citizens hope will materialize in the near future, is the tape. It is a factory for the manufacture of iron goods, including hammers, wrenches, in fact, carpenter's tools of all kinds, steel mills, etc. P. P. David, of Chicago, who is the promoter of the enterprise, was in the city during the fore part of the week and took options on two or three acres of land of considerable size. He went south on Wednesday morning, but will return in the course of a week, and will then make a section as to where he will locate.

He has inspected land at Edmonton, Calgary, Saskatoon and other places, but is as favorably impressed with the Wetaskiwin proposition, than any he has offered to him.

Mr. David is not making any great promises, but if he becomes here, he will erect a factory at about a cost of \$5,000, which will give employment at the outset to about fifty hands, but as the business develops this summer, might be increased to five hundred. He realizes the advantages Wetaskiwin has by way of property at reasonable prices, railway facilities, etc., and is giving this city due consideration.

The concert given in the Angus Hall on Tuesday evening in aid of the Amalgamated Choir, under the auspices of the hospital, was a grand success from every standpoint. Every number on the program was heartily received, particularly the songs of Mrs. McLean of Edmonton, Miss Thorley, Jack Gardner, who always makes a hit with a Wetaskiwin audience. The selections rendered by the ladies chorists are on the program of the musical festival to be held in May, and if the rendering of the several difficult selections are as well executed as they were on Tuesday night, there is no doubt but that Wetaskiwin will again win the coveted trophy.

Highway conductor, it is to be completed on the highest efficiency the chair is attaining. The attention on Tuesday evening was large, and a handsome band headed to the hospital board treasury.

The many friends of Mrs. N. W. Gould, who met with a very unfortunate accident at the crossing of a few days ago, when she was struck by the big, and the wheel passed over her limb, are pleased to learn that she is improving nicely. She is at the home of her daughter, Mrs. E. Gilling.

A quiet wedding was celebrated in Zion German Lutheran church on Saturday afternoon last, when Miss Winnie Weiss was married to Mr. Ed. Schmitt, of St. W. Mr. H. F. Schmidt performed the ceremony in the presence of the only closest relatives of the contracting parties.

The happy couple left at once to reside on the farm he owns at St. W. Mr. Schmidt is a resident of Calgary, it is in the city this week reviewing acquaintances and looking after his business interests.

Rev. A. B. Aldridge, R. A., pastor of the Methodist Church, will make reference to the wreck of the Titanic in his discourse on Sunday evening next.

Ward has been received that Rev. Pooker, the newly called minister to the Presbyterian Church, will not arrive as soon as expected. The pastor of the Presbyterian Church will be occupied at both services on Sunday next by Rev. M. Hamilton, clerk of the Presbytery.

WIDENING OF STREETS ENTAILS MUCH WORK

City solicitor Brown, in statement to Commissioners, points out the enormous amount of detail work connected with widening of various city streets.

Some idea of the work and expense entailed in the widening of the city streets is given in a report of the city solicitor presented to the city commissioners. In this report the various steps are detailed and the necessity for an official to look after the work in connection with the widening of the properties affected is outlined.

"I have made a rough estimate of the number of lots and parcels of land to be effected by the widening of streets and have already ordered and find there will be about 1,626," says Mr. Brown. "In order to get the nature of the owners or occupiers of all the land affected it means a regular right of way plan and the reference book very similar in that regard to the amount of work to be prepared. All measurements and the area of land to be taken from each lot must be shown. How long it will take the engineer's department to do this I am unable to say."

As soon as the plan is filed, the secretary-treasurer must notify all the owners and occupiers, who must file all claims for compensation, with particulars, within fifteen days. When this is done the city is in a position to deal with the various parties and in case there is any dispute between the parties and the city officials as to the amount the matter is settled by arbitration. In the event of this, a Justice of the Peace Court can either sit himself or appoint a duly qualified solicitor to take the arbitration. The fees on arbitration are \$250 for odd times or any day, consisting of not less than six hours. An award is then made by the Justice or arbitrator and either party has a right to appeal to the court on a bond of \$500 with the award. It is impossible to give an estimate of the time required to deal with the different owners, mortgagees, etc., as there will be no doubt probably 2,500 different persons to make mortgage with, and it may be necessary to arbitrate some cases.

The solicitor's work in looking after the drawing of the necessary transfers, discharges of mortgages, and the registration of titles, would, in his opinion, be as much as one man could do over a period of some three months. He would advise that the form of transfer be carefully printed, so that the sight of way agent would have nothing to do but fill in the numbers. This would save a very considerable amount of work as the descriptions practically would be alike in most cases. The only difference being whether the amount taken was six feet, five feet or ten feet. Of course, another consideration is the fact that the fees of the owners and mortgagees are not residents of the city, and in some instances it may take considerable time in dealing with correspondence with these parties.

As I said before, it is almost impossible to give an estimate of the amount of work or the time that will be required to do this work. The right of way agent may be able in one day to deal with ten or eleven parcels; on another day he may not be able to make a single deal. Again the owner's title in one case may be unencumbered and may require merely the taking of the transfer and registering it; on the other hand, there may be an agreement of sale with a clause of assignments to charge up together with mortgages and encumbrances.

HON. MARTIN BURRELL TO OPEN CITY EXHIBITION

This was announced at Meeting of Executive on Saturday—Premier Burrell and Lieutenant-Governor Huggins Assisted Patrons of the Exhibition.

The premier, Hon. A. J. Burrell, and the lieutenant-governor, Hon. G. V. Burrell, were elected patrons of the Edmonton Exhibition at a meeting of the executive committee, held on Saturday afternoon. It was the meeting as probable the premier will officially open the exhibition.

On the advice of the city architect, the committee decided to increase the footings under the new stock pavilion from 2 feet 4 inches to 4 feet in width, and from a depth of 10 inches to 12 inches. This was done in view of the fact that the walls had to be carried to a much deeper depth than the plans originally called for, in order to arrive at a solid foundation.

The following were appointed honorary directors of the exhibition: Hon. Frank Oliver, M.P.; Hon. Duncan Macpherson, M.L.A., minister of agriculture; Hon. A. J. Macpherson, M.L.A., provincial secretary; Hon. C. H. Mitchell, M.L.A., attorney-general of Alberta; Hon. G. W. Clegg, M.L.A.; Hon. A. C. Rutherford, M.L.A.; Hon. J. M. Douglas, M.L.A.; Hon. G. Armstrong, mayor of the City of Edmonton; A. J. Harrison, commissioner of the City of Edmonton; John Chalmers, commissioner of the City of Edmonton; H. Milton Martin, president of the Edmonton Board of Trade; John A. McDougall, M.L.A.; M. R. Jennings, editor Edmonton Journal; W. McAdam, editor Edmonton Capital; John Hovey, editor Edmonton Bulletin; A. B. Wall, editor Saturday News; Geo. H. Fraser, editor Alberta Homestead; W. S. Robertson, sheriff.

ITALIAN SQUADRON IS THREATENING TURKS

Foared That Another Attack on the Dardanelles Is Planned—Turkish Warship—Rumors Denies Implication in the War.

Constantinople, April 22.—It is stated that a strong Italian squadron is cruising between Lamezia, in the Greek straits, and the Dardanelles, near the entrance to the Bosphorus. This has given rise to the belief that it is intended to again attack the Dardanelles forts. The Italians here are being aggressive and the inhabitants of the neighborhood are coming to the city. It is reported that Italian warships have stopped the liner Lusitania and is trying to keep her prisoner and from communicating with Constantinople or Dedeagach at the Aegean Sea.

The "Farin" is authorized for the statement that Russia denies that she has any secret agreement with Italy, or that she is encouraging the country in the present strife.

AVIATION MEETS IN WY.

Several Noted Airmen to Fly in Western Canadian Cities This Year.

Winnipeg, Man., April 22.—Aviation meets for Western Canada are planned, and several noted airmen will compete in various cities during the coming summer. The opening meet will be in Winnipeg on May 19th and 20th. It is believed that similar affairs at Portage la Prairie, Brandon, Medicine Hat, Regina, Edmonton, Saskatoon, Redlin, Prince Albert, Lethbridge, and several other cities.

McGowan, of Grand Forks, will be one of the entrants, and Sam A. Franklin, New York, will also be here with his reputation, which ranks with Franklin and Jessup.

He will try for the Canadian altitude record in a Curtiss biplane. In addition, several of those mysterious air-circles reported from some points in Western Canada will also compete, and in addition there will be motor-cycle races at each of the meets.

SEVEN PRISONERS CHARGED WITH CARTEL

County Court Hearing Tomorrow.

Brandon, Man., April 22.—Under a strong guard, the seven Hillsville prisoners, who have been in jail here since their arrest, were taken to the court for the assassinations at Carleton county court, started for Hillsville today. In the Hillsville case where the shooting of Judge Macle, Sheriff Woe and Miss Betty Ayra occurred, the men will be placed on trial. Today Floyd Allen, the first man arrested last in suffering from a broken leg, was taken back to face the charges against him with Victoria Hoon, Fred Maroon, Selma Edwards, Claude E. Allen and Piel. He is under indictment for murder.

John Moore, the seventh prisoner, is under indictment for felony the charge being that he conspired the Allen escape. Selma Allen and Wesley E. Wade are still at large.

SAFE FROM TYPHOID PREVENTATIVE

There is practically no danger of Typhoid Fever as long as you keep the bowels regular with "Fruit-A-Tives." Typhoid is an inflammation of the bowels, due to a germ. This germ enters the body in milk, water or food. If the bowels are constipated, the germ germinates in the body long enough to attack the delicate lining and thus Typhoid begins.

"Fruit-A-Tives" acts directly on the liver, bowels and skin, and cleans the system of all impurities. "Fruit-A-Tives" will not cure Typhoid—but it will cure Constipation, assist digestion and tone up the system—thus preventing Typhoid.

See a box, 6 for \$2.50, or trial size, 5c. At all dealers, or from Fruit-A-Tives Limited, Ottawa.

Valuable Reading

PEOPLE every day are looking for opportunities to make money in reliable securities and investments. The Peace River Collieries is one of the best we know of today.

VERY care has been taken to provide shareholders in these Collieries with a brilliant promise for their future. Each share is today only 35c.

AND every indication points to a large and quick advance in the price of this stock directly we commence operations, which will be almost immediately.

CAREFUL work by experienced mine inspectors state that the Peace River Collieries have at least 20,000,000 tons of coal, and that this coal is of splendid quality.

ENOUGH coal is to be obtained from these mines to supply the people for years, and the cost of production is fractional compared to the price we can get for the coal.

REGARDING the transportation facilities, we would say that both the G.T.P. and Canadian North-Western Railroads will be running within a quarter of a mile from the mines.

IN a few months' time—grading having been already commenced. In fact, the steel is being rushed to the property with all haste.

VERY few realize the value of this great North Country owing to the fact that they have not been north yet, but we assure you that every inch of these mines

ENSURE you of a vast income if you accept our advice. Coal is an article that is always reliable, and is always wanted, and if you trust your money in it, it will be your life-long friend.

EST assured, therefore, that what we say is correct. These mines are the foundation for many fortunes—will yours be amongst them? It is up to you.

CAN you find any other investment for so small an outlay that has such a brilliant future?

NLY 35c a share, with 20,000,000 tons of coal behind it, and every facility for transportation.

EAVE some of your money for coal—you have enough in Real Estate. Coal is a sure investment.

LIKE water off a duck's back" is an apt saying applicable to the way in which money will come to you from these mines.

IN all our experience, such an opportunity as the present has never been presented to us or you.

VERY share you buy today at 35c has unlimited scope for advancement, and it may go to \$10 a share.

REMEMBER, sir, we are not offering you a gamble, but a genuine investment of sterling merit.

IN all, we have 100,000 shares to sell at 35c—the price will then rise to 50c each, a difference of 15c.

EACH. Can you afford to lose that amount on 1000 shares in a few days? Think it over and see us

SOON, because they are selling rapidly. Buy these shares today at 35c, and you will make money.

TELEPHONE BUSINESS INCREASING RAPIDLY

Superintendent of Department Authorized by Commissioners to Secure Third Convenience for Telephone Installation Work.

Business in the city's telephone department is increasing so rapidly that it is almost impossible to keep up with it. At the regular meeting of the city commissioners Monday, permission was granted Superintendent C. H. Smith to purchase a third horse and wagon to be used in the installation of telephone lines.

A petition was received for sewer extension on James street, from Alberta avenue north.

The question of sending employees of the telephone department to Chicago to study the automatic system, was discussed, and it was decided that each individual case must be referred to the commissioners in future, before the superintendent authorizes the trip.

Commissioners Chambers will arrange for a reduction in the ferry toll to employees of the power plants on each side of the river.

Petitions for sidewalks on the east side of Fifth street from Nelson to Churchill, and on Green street from Twenty-fourth to Thirty-fifth streets, were received.

A check for \$2,150 will be forwarded to Messrs. Macaulay and Dunlop in connection with the transfer of the lease of the old granite curing risk property.

A request has been received from residents of Somerset street that the boulevarding in front of the fire hall be completed. The street was boulevarded last fall, but as the fire hall was then being built there was a portion which could not be boulevarded.

The matter will be reported to the city engineer.

J. O. Connell, of the real estate firm of Connell and Hart, is offering the city the west 1-2 of section 26, 24, E. W. 5th meridian, on the main line of the C. N. R. west of the city as a gravel pit. Commissioner Chambers will look into the matter.

J. E. Cole complains that a small building on Columbia avenue is at present flooded out. He thinks the flood has been caused by the raising of the street and lane level, and asks that a drain be put in at once.

The city engineer has reported that the sewer on Twenty-fourth street was placed at a depth of eleven feet or less, but later on a cut of 11-2 ft. was made when the street was graded. This makes the sewer too shallow if the street develops into a business section. The matter arose in connection with a letter from Riverbank Land company, which wishes to erect a business block at the corner of Athabasca avenue and Twenty-fourth street. In order to serve this purpose a new sewer will be run to connect with the sewer in the lane between Twenty-fourth and Twenty-fifth streets.

HUGHES TELLS TAFT HE IS NOT CANDIDATE

Former Governor of New York Says Will Refuse Nomination for President after I leave Taft's Administration to Head Political Club in New York.

Washington, April 22.—There is most interesting political talk here around the report that Associate Justice Hughes of the Supreme court of the United States, formerly governor of New York, has caused President Taft to be notified that, under no circumstances will he accept the Republican presidential nomination. The justification is said to have been made by the candidate to forestall any attempt to nominate him at Chicago and Iowa and before he has settled in his new position. Even then, according to his reported message to the president, he will not modify his position, unless the president himself urges him to accept the party leadership.

Today's report also in itself with what was known before of Justice Hughes' attitude on the subject, though it gives interest from the recent talk that has been heard of the candidate to harmonize the differences caused by the varying statements of Mr. Roosevelt against the president. Over a year ago Justice Hughes' party leaders began cutting about for a compromise candidate, and Mr. Hughes was then placed as the only available man. But he refused to accept the nomination and it was finally discouraged.

The movement has not been altogether a surprise, since the Justice and Commissioner of the New York State, who was formerly governor of New York, has been for them to do Taft, while even the La Follette faction might be expected to support the candidate for a second term.

Mr. Roosevelt himself, it is known, has long cherished bitter feelings toward the former governor of New York, and when the candidate was announced he had found it expedient to work with the ex-governor for political cohesion. Four years ago, when Mr. Roosevelt was working so hard to nominate Mr. Taft, he was known to have been in the city to see how to defeat him. Governor Hughes was completely dominated by the Republican machine, and the candidate was forced to make overtures to him from Greater New York. As a result, when Mr. Taft was nominated, Mr. Hughes joined his campaign forces, and in a popular speech gave the campaign an impetus that till then it was thought to lack.

FURTHER DISORDERS FEARED IN CANTON

Governor Hsu Incurred the Hatred of Many Chinese by Appointment of the Chinese to Office—He Has Been Impached for Execution of Chinese Editor.

Hong Kong, April 22.—Fears are entertained of further serious disorders in Canton, thousands of soldiers have returned from the north in a state of discontent and have been disbanded. The governor and general in command have been impached for the execution of a Chinese editor. The provincial assembly and province council have resigned because the governor has been appointing his Chinese men to office. Dr. Sun Yat Sen, provincial president, is due to arrive here tomorrow.

TRIO OF TRAGEDIES.

Monte, N.Y. State, April 22.—News has reached this city of three gruesome discoveries made during the past week, two in the vicinity of Outlook and one at Tompkins, N.Y.

The first, which was discovered on the body of a man supposed to be a Dr. Poiras, of Montreal, was found dead in a pasture field. The man, which was found in the man, was badly decomposed. The second, which was discovered at Tompkins, N.Y., was a man named Tom O'Connell, who has been working for Charles McMillan, a farmer near the town, was found hanging in the barn. No reason whatever, is given for the act.

In addition to above, Charles Grant, a householder, was found dead from heart failure at his death near Montreal, in the Outlook district, last Thursday. The incident took place at Outlook today.

A case of suicide was discovered this morning at Outlook, when a man named Tom O'Connell, who has been working for Charles McMillan, a farmer near the town, was found hanging in the barn. No reason whatever, is given for the act.

London, April 22.—The Canadian subscriptions in the Titanic fund at Montreal, one thousand pounds, Canadian dollars, five hundred, Hugh Allan, fifty pounds, J. W. Plaville, London, London, twenty-five pounds.

North Bay, Ont., April 21.—Bellwood, on the Canadian Northern railway, north of Sudbury, was the scene of a fire, in which seven dwellings were destroyed and two children, a daughter of Fred Rivard, aged two, and another daughter four years old were burned to death. The private had left the house to visit a neighbor, leaving the six children in bed. A lamp which had been left lighted exploded and the flames spread so rapidly that only four of the children could be rescued. Only a bucket brigade was available to fight the flames as delivered is a small village.
